

Homework 1 (Review, §§11.1–11.2)

AMS 261, Spring 2019

Due: Friday, February 1, 4 pm EST

Objectives

- To ensure that WebAssign is accessible to explore the WebAssign interface.
- To practice mechanical techniques related to vectors (in the plane and in space) and vector algebra.

Instructions

- There is only one version of this homework assignment. Complete the problems listed below.

Grading Policy

WebAssign problems will be graded entirely for accuracy by WebAssign. If you believe a problem has been incorrectly scored, send an email to the instructor and TAs describing why.

Problems

WebAssign problems (100 points): 3.7.19 (review), 8.2.6 (review), 11.1.9, 11.1.27, 11.1.77, 11.2.10, 11.2.44, 11.2.47, 11.2.78, 11.2.83.
